

Requirement for Full-Time Finance Controller

Dear Sir/Madam,

Trenser Technology Solutions Pvt. Ltd., based in Technopark, Thiruvananthapuram, is a **Product Engineering Services** company engaged in **export-oriented business** for over eight years. With a team of **650+ employees**, we are currently looking for a **full-time Finance Controller** to lead our financial operations.

Interested and qualified candidates may please share their resumes at careers@trenser.com or hr@trenser.com. The key details of the position are provided below for reference:

Position: Finance Controller – Trivandrum

Role Overview: The Finance Controller will be **fully responsible for the company's overall financial operations and compliance**, leading the finance and accounting department. The role includes financial strategy, planning, budgeting, MIS reporting, audits, GST compliance, SEZ compliance, consolidation of accounts, multicurrency accounting, and cash flow management — ensuring financial discipline and organizational efficiency.

Qualification: Chartered Accountant (CA) preferred; strong proficiency in **Tally / GST tools and Excel** preferred. An understanding of foreign trade, or a willingness to learn it, will also be required.

Skills: Strong leadership, analytical ability, attention to detail, and high professional integrity.

Compensation: Industry-standard remuneration will be offered along with other perks.

Thank you for your support and assistance in sharing this opportunity with eligible members.

Warm regards,

For Trenser Technology Solutions Pvt. Ltd.
